I don't see any question in there but you can decide what you want to do with it.

South Dakota State Feedback Form

The following is a website feedback message from the internet. It has been directed to you by the State's Feedback Wizard

Feedback from:

Nathan Peters

Email Address:

nathanlovesfootball@hotmail.com

Referral Page:

http://www.sd.gov/feedback/agency.aspx?url=http://www.sd.gov/feedbac

Agency Selected:

Air Quality

Comment or Questions:

Please do not allow any oil pipelines or refineries to exist in South Dakota. We have a beautiful state. Oil destroys. It will degrade and permanently scar not only our people and land, but it will contribute to the ongoing destruction of life on Earth. Please do not pursue a little cash and an economic boom, at the expense of long-term, irreversible destruction. We must pursue alternative energy solutions in order to develop sustainable, secure sources. Oil is not the answer. Do not be trapped by outdated modes of thinking. Most of the "profit" from the oil projects will flow out of the state, while the Midwest chokes in pollution and urbanization. If you allow the oil industry to implant our state with its poisons, you are feeding the tycoons who are working feverishly each day to destroy the Midwest. How will the Midwest be any different from Houston, Texas or Atlanta, Georgia? If we urbanize and clutter the landscape with more roads and buildings and people, then what is left? If you believe I am wrong, or right, or if you have anything to say to me at all, please tell me. I am 22 years old and grew up in South Dakota. I desire to spend my life in the Midwest, but not if it continues to imitate the rest of America. I hope this is the beginning of a conversation: Nathan Peters nathanlovesfootball@hotmail.com (712) 707-1407
